

Hello Grads from ScholarTree,

February to June is the peak scholarship period where most scholarships are available for grade 12 students. Many of the students actively looking for scholarships in Oct & Nov have dropped off, coupled with the fact that this academic year has seen the fewest scholarship applications we have ever seen, making this an excellent time for students to find and apply to scholarships.

Better still, we are continually adding new scholarships every week. Here are some currently available scholarships that may be of interest to your students.
