

Information on Course Selections for Grade 9

- Students will have 8 courses on their timetable for grade 9.
- It is important to choose for success in grade 9.
- There will be limited movement available after course selections. If you are uncertain where you belong, please reach out to the appropriate teacher in grade 8.

Choices for Core Subjects: De-streamed or Essentials

De-streamed –

De-streamed courses are a combination of the applied and academic streams.

Students who find success within a larger class and can complete tasks in a directed environment or independently may choose the de-streamed program.

After successfully completing this course, students will choose academic or applied for grade 10.

OR

Essentials –

Essential courses focus on the fundamental concepts of the discipline while using real-world applications and hands-on experiences.

Students who find success with extra assistance and smaller class sizes may choose the essentials program. Students who have not been working at grade level in a particular subject area should consider essentials.

After successfully completing this course, students will choose essentials grade 10. There will be an option to complete grade 9 de-streamed courses if the student wants to change levels.
